### FOREIGN GOVERNMENT BONDS

are attracting more attention as their prices rise but they are still relatively lower than other good investments. During the past century there were two other opportunities like the present: 1815 to 1827 and 1895 to 1873. Government Bonds after those periods rose to prices which cut the yield in half, with practically no repudiation of principal or interest. The advantage of external government bonds is their almost perfect record of payment. Some of the best, which should sell in normal times on a 3 to 4 per cent basis, can still be bought to yield 5 to 7 per cent. Full particulars on request

CHICAGO, March 10.—Rallies from Thursday's weakness developed in the wheat market today during the early transactions. Liquidating sales on the part of the holders had apparently reased and leading interests were absorbing the other selling. There were also indications of expert business having been done overnight. Opening prices which varied from unchanged figures to \$60 lower, with May \$1.36½ to 1,36% and July \$1.17 to 1174, were followed by numerous minor changes and then by gains all around.

Corn and oats showed independent strength. Expert inputy for corn continued and the movement from farms was said to be practically nothing. After opening unchanged to \$60 higher. May \$1% to \$1½c, the corn market scoined a moierate general advance. Oats started \$1.7 off to \$60 higher. May \$16, and then irrdened a little more. Downturns in the price of hogs weak-end provisions.

Downturns in the price of hogs weakened provisions.

between the falled to last and with reports current that Russia was buying
both wheat and rye and that domestic
millers were purchasing wheat freely the
wheat market made decided upturns in
price near the end of the day. The closing however was unsettled, at the same
as Thursday's finish to to higher, May
\$1.55% to 1.37 and July \$1.17% to 1.18.
Subsequently, confirmation of export
sales of corn amounting to 1.300,000
bushels in 24 hours gave the corn marlet a further holst. Besides. Sweden
was reported as having disposed of 900000 bushels of American oats to Russia.
Corn closed firm, 1911% to 1%c net
higher, with May 62% to 63%c.

## JUDGE LANDIS IS DYED-IN-WOOL FAN

When presiding on the bench Judge Landls was a mighty serious individual. It was all business with him.

The Judge has now decided to devote all his time to baseball. That is also a serious game for the judge during business hours.

However, Judge Landls is not only commissioner of baseball but a dyed-in-the-wool fan as well.

If you have any doubts on that score, just look the judge over as he is enthused at a home run made by Babe Ruth at the White Sox park in Chicago. It was the longest hit ever made at the park.

It is the frony of fate that Babe Ruth, who is a big favorite with the judge, should be the first player to feel the effects of the "big stick" he wields when someone breaks the rules of the game.
